Grow monster with a very moderate dam that Laura showed. That's why he's so PRETTY!						

Heifers: There is one registered Angus heifer added as Lot A.

Lot # A		DRI Barbara G129 DL				
Calved: 02/09/19		Registered Angus Bred Heifer		AAA 19861203

Donor dam & donor granddam are STILL in production for good reason. She has the numbers and phenotype to take you places!						

Insurance:

If you purchase insurance, the policy is bound effective when the gavel drops (the point when you become the owner of the bull). We strongly urge you to consider insurance, *especially* if you're not picking up your bull on sale day. 6 months for 4% of purchase price.

Special Options available today:

- Bull wintering—let us keep him until spring!
- Calve out on heifers—we calve them & guarantee you a live calf!
- Volume discount—3 or more lots? Take off \$100/lot!
- Take your purchases home today? Take off \$50/lot!
